In compliance with the provisions of the Companies Act, 2013, ('the Act'), Listing Regulations, MCA Circulars and SEBI Circulars as aforesaid, the 36th AGM of the Company is being held through VC/OAVM on Friday, July 04, 2025 at 4.00 p.m.
2. The Registered Office of the Company shall be deemed to be the scheduled venue for the AGM.
3. Since the AGM will be held through VC/OAVM, the route map for venue of AGM is not annexed to the Notice.
4. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum of the AGM under Section 103 of the Act.
5. Notice of the AGM along with Annual Report, comprising financial statements for the F.Y. 2024-25, is being sent only through electronic mode to those Members whose email address(es) are registered with the Company/ Depositories/ R&T Agent in accordance with aforesaid MCA/SEBI Circulars. Members may note that the Notice and Annual Report for F.Y. 2024-25 will also be available on the Company's website <https://www.supremepetrochem.com> and websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively and on the website of R&T Agent of the Company viz. KFin Technologies Limited (KFin) at <https://evoting.kfintech.com> and the same can be downloaded by the Member(s) requiring Annual Report and/or AGM Notice of the Company.

Alternatively, Member(s) may send signed copy of the request letter providing their email address, mobile no., self-attested PAN copy, DP ID (in case of demat shares), folio no. (in case of physical shares) via email to [ris@kfintech.com](mailto:ris@kfintech.com) for obtaining the annual report and notice of the AGM of the Company electronically.

6. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote through e-voting and at the AGM, as the case may be.
7. To avoid fraudulent transaction(s), the identity/signature of the Members holding shares in electronic/demat mode is verified with the specimen signature(s) furnished by NSDL/CDSL and members holding shares in physical mode is verified as per the records of the R&T Agent of the Company. Members are requested to always keep the same updated.
8. Pursuant to the provisions of the Act and other applicable Listing Regulations, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on their behalf and the proxy need not be a Member of the Company. However, since the AGM is being held through VC/OAVM pursuant to the aforesaid MCA/SEBI Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the proxy form and attendance slip are not annexed to the Notice.
9. Corporate/Institutional Members (i.e. other than individuals, HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG format) of the relevant Board Resolution/Authority Letter/Power of Attorney etc. together with attested specimen signature of the duly authorised signatory(ies) who is/are authorised to vote, to the Scrutinizer through e-mail at [supreme.scrutiniser@gmail.com](mailto:supreme.scrutiniser@gmail.com) and may also upload the same in the e-voting module in their login. The scanned image of the above documents should be in the naming format 'SPL\_EVENT No'.
10. The facility of joining the AGM through VC/OAVM will be opened 15 minutes before and will remain open upto 15 minutes after the scheduled start time of the AGM, i.e. from 3.45 p.m. to 4.15 p.m. and will be available for 1000 members on a first-come first-serve basis. This rule would however not apply for participation in respect of large Shareholders of the Company (holding 2% shares or more), Promoters, Institutional Investors, Auditors, Key Managerial Personnel and the Directors of the Company including Chairperson of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.
11. Members holding physical shares are requested to notify change in their address, if any, immediately to the KFin for proper and timely reach of communication(s) being made by the Company from time to time.
12. To receive faster communication(s) from Company including annual reports and notices etc., the Members having shares in electronic mode are requested to register/update their email address, telephone no./ mobile no. with their respective Depository Participants (DPs). However, if shares are held in physical mode, they are advised to update their KYC including registering their email address with the Company or KFin. Request can be emailed to [investorhelpline@spl.co.in](mailto:investorhelpline@spl.co.in) or [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com) or by registering the first holder PAN at <https://kprism.kfintech.com/signup>. Existing users can login through KPRISM (<https://kprism.kfintech.com>). All KYC updations to be done through ISR Forms only in terms of para 17 as stated hereinafter. Members are requested to support the green initiative of the Company.
13. For ease of conduct, Members who would like to ask questions/express their views on the items of the business(es) to be transacted at the AGM can send their questions/comments in advance by visiting URL <https://emeetings.kfintech.com> and clicking on the tab 'Post your Queries' during the period starting from Thursday, June 26, 2025 (9.00 a.m. IST) to Sunday, June 29, 2025 (5.00 p.m. IST) mentioning their name, demat account no./folio no., email ID, mobile no. etc. The queries so raised must also be mailed at [investorhelpline@spl.co.in](mailto:investorhelpline@spl.co.in). The queries should be precise and in brief to enable the Company to answer the same suitably depending on the availability of time at the meeting.
14. The Company maintains, inter alia, the following Statutory Registers at its Registered Office:
  - i. Register of Contracts or Arrangements in which Directors are interested in terms of Section 189 of the Act.
  - ii. Register of Directors and Key Managerial Personnel and their shareholding in terms of Section 170 of the Act.

In accordance with the MCA circulars, the said registers of the Company shall be made accessible to the Members during the AGM for inspection through electronic mode and the Member can view the same after logging at <https://emeetings.kfintech.com> and clicking the button appearing next to the thumb symbol.
15. Pursuant to the requirement of Regulation 36(3) of the Listing Regulations and respective provisions of Secretarial Standard-2, the brief profile/particulars of the Directors of the Company seeking their appointment or reappointment at the AGM is annexed hereto.
16. The Explanatory Statement pursuant to Section 102 of the Act setting out details/material facts relating to the Special Business(es) under Items No. 4 (Four) to 7 (Seven) of the Notice is annexed hereto.
17. In terms of Regulation 40 of Listing Regulations, as amended, the transfer, transmission and transposition of securities shall be effected only in dematerialized mode.
 

Pursuant to SEBI Circular dated January 25, 2022, the listed companies shall issue the securities in dematerialized form only, after processing any service requests from Members viz., issue of duplicate share certificates, endorsement, transmission, transposition, etc. After processing the

service request, a letter of confirmation will be issued to the Members and shall be valid for a period of 120 days, within which the Member shall make a request to the Depository Participant for dematerializing those shares. If the Member fails to submit the dematerialisation request within 120 days, then the Company shall credit those shares in the Suspense Escrow Demat Account held by the Company. Members can claim these shares transferred to Suspense Escrow Demat Account on submission of necessary documentation.

In view of above and to eliminate all risks associated with the transfer of physical shares and for ease of portfolio management, Members holding shares in physical mode are requested to first complete their KYC with KFin by way of filing form ISR1, ISR2, ISR3 or Nomination Form SH13, ISR4 etc. and thereafter they should convert their shareholdings into electronic mode at the earliest. Members can contact KFin for any assistance in this regard.

18. In terms of SEBI Circulars/Listing Regulations, it is now mandatory to furnish a copy of PAN to the Company or its R&T Agent in case of transaction(s) related to deletion of name, transfer, transmission and transposition of shares. Hence Members are requested to furnish copy of their PAN while proceeding for such transactions.
19. Members holding shares in the same name under different ledger folios are requested to apply for consolidation of such folios and send the relevant share certificate(s) to KFin for enabling them to consolidate the shares in accordance with due process thereof.
20. Pursuant to the provisions of Section 72 of the Act, the facility for making nomination is available for the Members of Company in respect of the shares held by them. Members who have not yet registered their nomination is requested to register the same by submitting Form SH13 which can be downloaded from the Company website at <https://www.supremepetrochem.com>. Members are requested to submit the said details to their DP in case the shares are held by them in electronic mode and to KFin, in case the shares are held in physical mode by sending an email to [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com)
21. The Listing Regulations have mandated the Companies to credit the dividends electronically to the Members' bank account. Members who hold shares in electronic mode should inform their Depository Participant (DP) and the Members who hold their shares in physical mode should inform to the Company or KFin, their bank details viz. bank account No., name of the bank, branch details, IFSC Code and MICR Code to enable the Company to incorporate the same for the purpose of remittance of dividend electronically. Those Members who have already provided their bank details but if there is any change therein, they should also update the same instantly in the manner as aforesaid. The members of Company may note that as per SEBI Circular dated November 17, 2023, no

dividend warrant will be dispatched by the Company to the Members with effect from April 1, 2024, if any, if they have not completed their KYC with the Company/KFin or respective DPs and in such a case, the unpaid dividend amount will be transferred to the Unpaid Dividend Account of the Company opened with any scheduled bank in terms of the applicable provisions of the Listing Regulations or the Act, as may be applicable. Such member(s), will however, get a notification from the Company about status of their KYC and post completion of their required KYC, unpaid dividend(s) amount will be released directly to their bank account(s) electronically.

22. The Company will not entertain any direct request from Member(s) for deletion/change in their bank details. Members may, therefore, give instructions regarding deletion/change in their bank accounts in which they wish to receive the dividend, directly to their DPs/KFin, as the case may be.
23. If the final dividend, as recommended by the Board of Directors, is approved by the Members at the AGM, payment of such dividend shall be made on or after Monday, July 21, 2025 to all the eligible members who hold shares of the Company as on the record date viz. at the close of business hours on Friday, July 4, 2025 (for demat and physical shareholders both).
24. Pursuant to Finance Act 2020, dividend income is taxable in the hands of shareholders w.e.f. April 1, 2020 and the Company is required to deduct tax at source from the dividend to be paid to the shareholders at the prescribed rates. For the prescribed rates as applicable to various categories, the shareholders are requested to refer to the respective legal provisions of Income Tax Act and/or consult with their Tax Advisor. However, some significant features of tax provisions applicable to the dividend distribution are stated as hereunder for quick reference of the Members.

For Resident Shareholders, tax shall be deducted at source under Section 194 of the Income Tax Act, 1961 @ 10% on the amount of Dividend declared and paid by the Company during financial year 2025-26 provided PAN is provided by the shareholder. If PAN is not submitted, TDS would be deducted @ 20% as per Section 206AA of the Income Tax Act, 1961.

However, no TDS shall be deducted on the dividend payable to a resident Individual if the total dividend to be received by them during Financial Year 2025-26 does not exceed ₹5,000/-. Please note that this includes the previous dividend(s) paid, if any, and future dividend(s) which may be paid, during the Financial Year 2025-26, if declared.

In cases where the shareholder provides Form 15G (applicable to any person other than a Company or a Firm)/ Form 15H (applicable to an Individual above the age of 60 years), provided that the eligibility conditions are being met, no tax at source shall be deducted.

Apart from the above, since the TDS/Withholding rates are different for resident and non-resident shareholders, members are requested to confirm their residential status as per the provisions of the Income Tax Act 1961, by sending an email at [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com) with copy to [spldividend@spl.co.in](mailto:spldividend@spl.co.in)

Post payment of the Dividend amount, the soft copy of TDS certificate of the Members may be sent at their registered email ID, and in remaining cases, where no email ID of Member is registered, TDS certificates may be posted to the Member(s) address recorded with the Company, as may be required.

However, if the shareholder(s) do not receive TDS certificate for any reason, whatsoever, they can directly write a mail to the Company at [investorhelpline@spl.co.in](mailto:investorhelpline@spl.co.in) for obtaining the same.

In view of above provisions, the shareholders are requested to update their PAN with the Company / R&T Agent (in case shares held in physical mode) and with the depositories (in case of shares held in de-mat mode). A Resident individual shareholder with PAN but not liable to pay income tax may submit a yearly declaration in Form No. 15G/15H in the aforesaid manner, to avail the benefit of non-deduction of tax at source, by sending an email to [spldividend@spl.co.in](mailto:spldividend@spl.co.in) upto Friday, July 04, 2025 (5.00 p.m. IST) with copy to [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com)

Non-resident shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F or any other document which may be required to avail the tax treaty benefits under the respective provisions of the Income Tax Act, 1961, by sending an email to [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com) with copy to [spldividend@spl.co.in](mailto:spldividend@spl.co.in) upto 5.00 p.m. (IST) on Friday, July 04, 2025.

25. Shareholders who have not yet encashed their dividend warrant(s) for the financial year 2017-18 and/or any subsequent financial years, are requested to submit their claim to KFin immediately to avoid transferring of their unpaid dividend amount to IEPF Account.

Members are further requested to note that pursuant to the provisions of Section 124 and 125 of the Act, the dividends if not encashed for a period of seven consecutive years from the date of transfer of same to the Unpaid Dividend Account of the Company, these dividends are liable to be transferred to the Investor Education and Protection Fund (IEPF) and the shares in respect of which dividends remain unclaimed for seven consecutive years are also liable to be transferred to the demat account of the IEPF Authority and no claim with the Company shall lie in respect thereof. In view of this, Members are requested to claim their dividends from the Company within the stipulated timeline. The Members, whose unclaimed dividends/shares have

been transferred to IEPF, may claim the same by making an application to the IEPF Authority in Form IEPF-5 available on [www.iepf.gov.in](http://www.iepf.gov.in). For further clarification, if any, the concerned shareholder may contact KFin.

The Company has uploaded the information in respect of unclaimed dividends on its website at URL: <https://rb.gy/g5gdye> for ready reference of the members.

## ANNEXURE TO THE NOTICE

### EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 REGARDING SPECIAL BUSINESS(ES):

#### ITEM NO. 4:

Shri B. L. Taparia (DIN :00112438) shall retire by rotation at the ensuing Annual General Meeting of the Company and being eligible offers himself for reappointment.

Shri B. L. Taparia entered into his business career over 67 years ago and has garnered a long and enriched experience in Polymers and Business Management. His reappointment as Non-Executive & Non-Independent Director is likely to be immensely beneficial to the Company and its business operations considering his outstanding potentials, multi-disciplinary and enriched long experience in the Polymer business segment.

Regulation 17(1A) of SEBI Listing Regulations requires the listed entities to obtain approval of the shareholders by way of Special Resolution to appoint or continue the Directorship of any Non-Executive Director who have attained the age of 75 Years or more. Since Shri B.L. Taparia has already attained the age of 75 years, special resolution has been placed before the members for their consideration.

Shri B. L. Taparia is concerned or interested in this resolution relating to his own reappointment as Non-Executive and Non-Independent Director of the Company liable to retire by rotation. The Directors of Company Shri M. P. Taparia being brother of Shri B.L. Taparia and Shri S. J. Taparia, being nephew of Shri B.L. Taparia, are deemed to be concerned or interested in this resolution.

He is qualified and eligible for the post of Director of Company on the basis of his disclosures submitted to Company and the Board recommends for his reappointment as Non-Executive and Non-Independent Director liable to retire by rotation.

None of the other Directors, Key Managerial Personnel of the Company or their relatives may be deemed to be concerned or interested financially or otherwise in the said resolution.

In view of the above, approval of members is being sought for reappointment of Shri B.L. Taparia.

#### ITEM NO. 5:

Shri K. V. Mujumdar (DIN: 08866096) is a qualified Engineer and holds a diploma in Business Management. He is associated with the Company since 26/08/1992 and has extensive and wide-ranging/multifacet enriched experience of about 47 years in plant operations. Prior to joining Supreme Petrochem Ltd (SPL), he worked for about 14 years in Hindustan Organic Chemicals Ltd. (HOCL). He has been associated with the entire development of SPL's manufacturing complex/plant at Amdoshi, Nagothane. Over the years in SPL, he has been managing overall activities of the Nagothane plant including production, quality control, statutory compliances, human resources, public relations, industrial relations, environmental matters and administration etc. He also oversees the entire operations of the

Chennai complex. His induction on the Board will be immensely beneficial to the Company for bringing diversity to the Board due to his enriched and extensive hands-on experience of more than 4 decades in plant operations and allied affairs.

Considering the recommendation of the Nomination and Remuneration Committee (NRC) of the Company, the Board reappointed Shri K.V. Mujumdar as a Whole Time Director of the Company for a further term of three years period commencing from September 19, 2025 till September 18, 2028 subject to approval of the members in terms of Section 196 of the Companies Act, 2013 on the remuneration, terms and conditions as determined by the NRC, the summary whereof is stated as hereunder, and as contained in his employment agreement to be executed for aforesaid reappointment.

In terms of Section 196(3) of the Companies Act, 2013 and Part I of Schedule V thereto, the Company needs approval of members through special resolution for reappointment of Shri K. V. Mujumdar since he has already attained the age of 70 years.

#### REMUNERATION:

- (a) Not exceeding the threshold limit of ₹ 220 Lakhs (Rupees Two Hundred and Twenty Lakhs Only) per annum. The NRC will evaluate the performance of Shri K.V. ## MANAGEMENT DISCUSSION AND ANALYSIS

### ECONOMIC REVIEW

In 2024-25, Indian economy is estimated to have grown by 6.5%, thus maintaining its position as one of the world's fastest growing major economies. Indian consumption in 2024-25 was driven by rural demand consequent to stronger agricultural growth. Thriving services sector, revived manufacturing base and Government spending on infrastructure development helped Indian economy grow in 2024-25.

Strong domestic demand, low inflation and increased Government spending in F.Y.2025-26 may help Indian economy maintain growth despite global economic headwinds stemming from changes in trade and tariff policies affecting business sentiment and exports. Overall, India's economy is well positioned for growth, but uncertainties in global markets, financial volatility and trade disruptions remain key risks. IMF has lowered India's growth for 2025-26 to 6.2% due to global uncertainty and trade tensions.

Global economy is estimated to have grown by 3.2% in 2024 with wide variance across countries. Growth continued to be subdued in Euro area. The global economy entered 2025 with strong momentum but is now slowing due to increased protectionism and trade restrictions. The real impact of tariff war will be known once the reciprocal tariffs announced by U.S.A. become effective in July 2025. Levy of reciprocal tariffs by U.S.A. may shift global trade flows and supply chains as players with large export volumes will seek alternative export outlets with possible dumping while overall demand remains tepid amid growing fears of a global recession. As per IMF's revised estimates global economy is expected to grow at 2.8% in 2025.

The reciprocal tariffs announced by U.S.A. have escalated a global trade war with several countries retaliating with their own tariffs on trade with U.S.A. The trade disruption and economic uncertainty have sent global financial markets into a tailspin. Impact on financial markets consequent to imposition of tariffs by economies would have a spill over effect on market sentiment and consumption.

India's exports to U.S.A. totalled US\$ 86.5 billion in 2024-25. As per a report by Global Trade Research Initiative (GTRI) India's merchandise exports to the U.S.A. are projected to decline by US\$ 5.76 billion this year primarily due to the rise in tariffs imposed by U.S.A.

However, proposed reciprocal tariff of 26% on Indian exports being substantially lower than China's 145%, Taiwan's 32% and Vietnam's 46% translates to lower landed costs for Indian goods compared to these countries. This could help India boost its exports offsetting the decline projected by GTRI. India's proactive initiatives towards bilateral trade arrangement with tariff cuts should also help in boosting exports to U.S.A. resulting in modest impact on India's overall exports.

With changing trade flows and supply chains Indian manufacturing sector will have to be very competitive in

terms of cost and technological advancements for which India will not only have to continuously improve infrastructure and upgrade manufacturing facilities but also upskill workforce. To make workforce future ready and to create a robust pipeline of high quality talent Indian Government and Industry must increase the upskilling initiatives to address skill gaps especially in technology and industry relevant areas.

### REVIEW OF OPERATIONS

Company's revenue was ₹ 6096.54 crores (net of GST) for the F.Y. 2024-25 as compared to ₹ 5,321.49 crores in the previous fiscal. Company earned a net profit (after tax) of ₹ 390.52 crores during the F.Y. 2024-25 as against ₹ 346.49 crores in the previous fiscal.

Company's total sales volumes of its manufactured products including exports increased during the year by 9.4% to 3,55,967 MT. Capacity utilisation for the Company as a whole was 79% during the year. Export volumes were down as compared to previous year due to subdued demand from Eurozone and high freight costs caused by Red Sea crisis. With shipping freight rates easing down since last quarter of F.Y. 2025, Company hopes to increase exports during the current year.

#### Styrene Monomer (SM)

SM prices remained largely stable in the range of + / - 10% throughout the year. Availability also was reasonably stable with only one major un-scheduled shutdown of one of our suppliers from Middle East in the 4th quarter of the year. However, your Company was able to bridge the gap by sourcing from other suppliers with only minor disturbances. Firm Benzene prices ensured stable SM prices, despite continued poor demand for derivatives of Styrene in China due to slow down over there.

India is well supplied by all major Styrene producers in Middle East, South East and East Asia due to China's self sufficiency in SM and reduced dependency on imports. This also reduced the usual swing in SM prices which was the order of the day when China was the largest importer of SM globally few years back.

China continues to dominate global petrochemicals business due to its large capacities built in recent times. Unviable small capacities are progressively being shut across the world. Middle East producers are considering India as a key partner. Company is therefore well placed with support from all SM suppliers in Asia. Shore tank infrastructure has been continuously increased in various locations to cater to the increased needs of Company as well as its SM customers.

#### Polystyrene

Domestic Polystyrene market grew by over 8% during year 2024-25. Growth in appliances demand particularly Refrigerators & Air Conditioners; pens & stationery, rigid sheets and dairy packaging are the main catalyst for this growth in F.Y. 2024-25. Both OEM and non-OEM segments

witnessed appreciable growth in the year under review. Company's total sales volume of Polystyrene including exports increased by 11.5% during the year 2024-25.

Polystyrene business in Asia has changed drastically due to Chinese self-sufficiency drive. Asian players of Polystyrene with large export volumes seeking alternative export outlets continue to look at Indian markets putting price pressure. To thwart the competition from imports, Company not only continues with its high-quality product offers but also introduced new grades to counter imports. Price pressure of imports for specific applications was countered by Company by keeping prices in line with international prices for certain market grades. As a result of all these actions, imports could be contained during the year under review.

New investment by customers in appliance business are likely to fructify in the current year which will help increasing demand for Polystyrene going forward. Company is in dialogue with international appliance players in India to replace their imports with Company's products. International Energy Agency (IEA) in its report of 2024 has predicted that energy requirement for cooling will more than double by 2030 from 2024 levels, which translates to at least 15% CAGR for air conditioning industry until 2030. This will help Company grow its sales to this segment in the coming years.

Stationery & pen market continues to grow in domestic as well as export markets. Rigid sheet market is also witnessing growing demand thus replacing some imports. First plant in India for Light Guide Plates (LGP) for display for advertising has started production replacing imports from China. Domestic PS demand is expected to grow about 5% in 2025-26.

### **Expandable Polystyrene (EPS)**

EPS market in India grew by 6.4% in 2024-25. EPS demand growth was slow since lifting by the processors for a major application i.e. fish packing box slowed down with reduced fish cultivation. With new entrants in EPS commissioning their plants during the year, Company's EPS business could grow only by 5%.

Company expects market to grow by 4-5% based on projected growth in various applications. As mentioned in previous report two new units of EPS have started production in 2024-25 and this may cause some loss of business of EPS to the Company in 2025-26. However, Company is making all out efforts to expand the pie by bringing in experts from the industry from around the world and organising customer meets to expose our customers to opportunities in EPS processing business and to help them grow. Company is hopeful to retain its volumes on account of its quality as well as pan India presence. With Company's EPS grades having been approved by key customers in export market, Company hopes to substantially grow EPS exports to GCC region as well as Europe in 2025-26.

Building Materials and Technology Promotion Council (BMTPC) has approved several new technologies, viz. 3D

panels, Cement Sandwich Panel, Insulated Concrete Forms (ICF), all based on EPS as one of the key materials. Several entrepreneurs have established facilities across India using these technologies. Company is promoting these products in various forums which augurs well for growth of EPS consumption in years to come.

### **Speciality Polymer Compounds (SPC)**

SPC business grew by 5% primarily driven by growth in compounds business from appliance industry, battery, electrical and electronic sectors. BIS certification and UL certification of FR compounds helped meet the stringent requirements of customers in these segments.

Development of compounds for PP silent pipes is successfully completed and necessary capacity to supply the same is established. Compounds for bathroom taps were developed successfully. More engineering plastics will be developed in the current year. SPC business of the Company is expected to grow by 20% in F.Y. 2025-26. ABS compound volumes shall be over and above this growth.

### **Extruded Polystyrene Boards (XPS)**

Building insulation segment showed steady growth and Company achieved sales growth of 25%. One of the main contributors was the large scale construction of factory buildings in and around Bangalore and Chennai for mobile phones manufacturing which require temperature controlled/dust-free atmosphere. Company expects construction of many such facilities in future as our country moves up the value chain in electronics manufacture with PLI schemes in place. These factories require well insulated building envelopes with high levels of fire rating. Company is able to meet these stringent specifications for XPS boards.

Demand from temperature sensitive packaging segment is also growing steadily with reputed players entering this business. Tolerances for thickness are very tight compared to boards used for building insulation which Company is able to meet.

Finalisation of BIS standards for XPS building insulation is progressing satisfactorily and it is expected to be completed during the year. With demand from projects increasing, XPS market is expected to grow by about 10% during 2025-26.

### **Acrylonitrile Butadiene Styrene (ABS)**

ABS project work is progressing satisfactorily, and pre-commissioning activities will start from May '25 onwards. Company expects commercial sales of natural and compounded grades to start from 2nd quarter of F.Y. 2025-26. A dedicated sales and marketing team is being assembled and will be in place before commissioning of the project. Company is currently marketing ABS compounds based on imported ABS which have been well accepted by the market. With inhouse ABS available from 2nd quarter onwards, Company is gearing up to increase substantially volumes of ABS compounds.

## EXPORTS

Exports of Polystyrene, EPS and SPC products have come to normal levels with ocean freight rates easing. During Red Sea crisis very high ocean freight rates made exports unviable to many destinations. Company's exports were impacted for this reason in the first three quarters of the year under review. Company's exports were lower by 11% compared to the previous year.

Company is fully prepared to face changes in the global trade flows and supply chains due to levy of reciprocal tariffs by U.S.A. and retaliation by many countries resulting in players with large export volumes seeking alternative export markets. Excellent customer relations built over the years with large number of small and medium sized customers across all geographical areas is expected to mitigate the risk of one country or region with others. With likely increase in export volumes of EPS in F.Y. 2025-26, Company hopes to export about 50% more volumes than 2024-25.

## SUSTAINABILITY INITIATIVES

Company is of the opinion that to create long term value for its stakeholders, continuous emphasis on environment sustainability is essential. To this end, Company is focussed on developing a circular economy framework around post consumer plastic waste particularly EPS. Company continues to engage with individuals through a combination of education, community partnerships and recycling infrastructure development with the help of NGOs and ICPE.

One of the most impactful campaigns of the year was "Ab Thermocol Recycle Karega Bharat" aimed at raising public awareness on the recyclability of thermocol. A key innovation was the launch of India's first mobile EPS recycling unit, which enabled doorstep collection and awareness in hard-to-reach areas. SPL also collaborated with over 50 institutions, including schools, hospitals and spiritual centres, and introduced the concept of "Recycling Day" in schools to install waste segregation habits early on. In rural areas "My Village, My responsibility" initiative aimed to establish zero-waste villages by promoting waste segregation at the household level. To connect with younger audiences, SPL introduced the Plastics Recycling Premier League (PRPL), a cricket based campaign, targeting under 14 school children in the Mumbai region from those schools which participated in plastic recycling project.

To reduce freshwater intake for Company's manufacturing processes and to significantly lower effluent discharge, Company has installed Zero Liquid Discharge System (ZLD) at both its manufacturing locations in Maharashtra and Tamil Nadu.

Towards its commitment to environment sustainability Company had entered into a JV for setting up solar power generation facility for 12.5 MW which became operational from October 2024. Since October 2024, Company used 46% of its energy requirements at its Amdoshi complex through solar power. For its Manali Plant in Tamil Nadu,

Company used 77.6% of its power requirement through renewable energy sourced from third party producers.

Company is complying with all directives of CPCB in respect of Extended Producer Responsibility (EPR), as applicable to the Company. Company has attached separately with its annual report Business Responsibility and Sustainability Report (BRSR) which includes measurable quantitative data to facilitate better benchmarking.

## PROJECT STATUS AND CAPITAL EXPENDITURE

First phase of ABS project construction work is nearing mechanical completion and is now expected to be over by May 2025. Late arrival of some proprietary equipment and shortage of skilled construction workers resulted in this delay. Pre-commissioning and commissioning activities will be taken up subsequently. Commercial production is likely to commence from 2nd quarter of F.Y. 2025-26.

Second phase of EPS capacity expansion project and new compounding lines for ABS project will be mechanically completed by June 2025. Commercial production is expected to commence in 2nd quarter of F.Y. 2025-26.

Pre-project activities including actions for environmental clearance for its Munak, Haryana site are under way. Various projects are under evaluation for arriving at a suitable product mix.

The Company incurred a total capital expenditure of ₹ 378 crores during the F.Y. 2024-25 for projects related to ABS, EPS, compounding lines, hardware replacement at Amdoshi and Manali locations and on additional land and pre-project activities for Munak project.

Capital expenditure proposed to be incurred in the current financial year towards balance work of ABS, EPS and compounding projects and hardware replacement at Amdoshi and Manali locations is estimated at ₹ 200 crores.

## Acquisition of X mold Polymers Pvt. Ltd. (X mold), Tamil Nadu

Company entered into a Share Purchase Agreement (SPA) with the promoters/ shareholders of X mold Polymers Pvt. Ltd. (X mold) on April 10, 2025 for acquiring 100% stake in X mold for a total compensation of ₹ 39.27 crores payable in two tranches with effective date of transaction being April 01, 2025.

X mold is engaged in the business of manufacture of engineering polymer compounds with an installed capacity of 15000 TPA with a good R & D facility for compounds. X mold is an approved Tier 2 supplier to many automobile manufacturers and also to appliance manufacturers which will immediately support the Company in its new ABS business.

X mold is located at about 45 kms from Chennai city and 35 kms from Sricity. Chennai is automotive corridor for commercial vehicles, passenger cars and auto components in India. Sricity is consumer electronics, appliances and Air Conditioner hub.

Company acquired 80% equity shares of Xmold on April 17, 2025 for a consideration of ₹ 31.42 crores and the remaining 20% equity shares shall be acquired by Company within a period of 2 years i.e. by March 2027. Consequent upon above acquisition, Xmold has become subsidiary of Company w.e.f. April 17, 2025.

## FINANCE

Company remains debt free. Company enjoys working capital facilities from its bankers mainly in the form of non-fund based limits.

Available surplus funds are deployed in various schemes of reputed mutual funds, bank fixed deposits and sovereign bonds so as to optimise returns with minimum risk to the principal amounts invested.

Capital expenditure of ₹ 378 crores incurred during the year was met from internal accruals. All capital expenditure planned as on date is proposed to be funded from Company's own funds.

CRISIL Ratings Ltd. has revised Company's outlook to Positive (from stable) while reaffirming long term rating at CRISIL AA- and short term rating at CRISIL A1+ for Company's working capital facilities from banks.

India Ratings and Research (Ind-Ra) has revised Company's outlook to Positive (from stable) while reaffirming long term rating at IND AA- and short rating to IND A1+ for Company's working capital facilities from banks.

## RISK MANAGEMENT

Company continuously monitors the risks associated with its business and operations including timely identification of new risks, if any, and plans to mitigate risks so as to avoid any adverse impact on the Company's operations, Company has in place a risk management policy which is periodically reviewed under the guidance of Risk Management Committee and Board. Committee met twice during the year to review the risk to the business(es) of the Company and mitigation plan thereof.

Security of data and uptime of system is essential for our business. Company has instituted the best practices adopted across the industry to achieve the same. Company has co-located all its servers (Primary and Disaster Recovery) in the best-in-class Tier IV Data Centres located at different seismic Zones. Tools like antivirus, antimalware, EDR (Endpoint Detection & Response), Priviledge Access Management (PAM) are installed and are regularly updated on all the endpoints for protection against any security threats.

Firewall is in place to provide protection to the endpoints as well as to all the application servers, against threats through internet traffic, LAN or WAN. Company ensures the usage of licensed software products only on the Company-provided devices. Apart from this, Company gets IT Security infrastructure audited by the 3rd party service providers periodically by using ethical hacking tools. Issues found in the audit are reviewed and mitigated as per the recommendation, followed by re-audit for effective mitigation. DR drill is carried out to ensure business continuity. IT policy and controls are reviewed periodically.

International pricing and demand / supply risk are inherent in the import of Styrene Monomer (SM), the main raw material. Company enters into annual procurement contracts for imports of SM. A part of SM requirement is also sourced on spot basis. On the sales side, some part of Company's sale is on annual contract(s) basis tied into monthly SM pricing which allows for equitable sharing of the volatility in SM pricing. Department of Chemicals and Petrochemicals has mandated BIS standards on imports of SM w.e.f. 24/10/2025. This could be a cause of concern particularly for supplies from manufacturer suppliers in U.S.A., China, Europe and supplies through trading houses.

To overcome risks of cost and pricing due to foreign exchange volatility, Company hedges part of open foreign exchange exposure. Company also has a natural hedge to the extent of its exports and pricing its products locally on import parity basis. Foreign currency exchange rates being dynamic, Company constantly monitors FX movements to decide on proper response measure.

Company has adequately insured its assets against all risks and on reinstatement basis with adequate loss of profit insurance policy. Company has also insured itself against cyber and other crimes. The management periodically reviews the adequacy of the insurance cover.

## HUMAN RESOURCES / INDUSTRIAL RELATIONS

The Company continues to foster a workplace culture that prioritizes employee well being, professional growth, and a positive work environment. Recognising that our employees are the cornerstone of our success, they were encouraged to actively participate in various conferences, seminars, skill-development/enhancement programmes and training sessions, enabling them to enhance their exposure expertise and contribute more effectively to the organizations long term success.

Career development opportunities were extended across all levels and functions, ensuring equitable growth pathways for every employee. Focus on leadership development and upskilling initiatives has further reinforced a culture of excellence and high performance. Company has further strengthened its efforts to provide a supportive and inclusive work environment that nurtures talent, encourages innovation and maximizes individual potentials.

Industrial relations remained harmonious and constructive throughout the year, reflecting Company's commitment to maintaining a collaborative and respectful work environment. Company remains dedicated to its employees' holistic development for ensuring a motivated and high performing team that drives sustained business success.

## INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

The internal control systems for safeguarding and protecting assets of the Company against loss from unauthorized use or disposition are well in place.

Regular internal audits, documented policies, guidelines and procedures and review by management supplement the internal controls which are designed to ensure that financial and other records are reliable for preparing financial information and other data and for maintaining accountability of assets. Audit of Internal Financial Controls (IFC) and Risk Control Matrix (RCM) was carried out by the statutory auditors and their suggestions have been accepted.

**14. COMMODITY PRICE RISK OR FOREIGN EXCHANGE RISK & HEDGING ACTIVITIES:**

International pricing and demand/ supply risk are inherent to the import of Styrene Monomer, the main raw material for the products of the Company. The Company enters into procurement contracts for import of Styrene Monomer on annual basis which specify the quantity and attributes for arriving at monthly pricing. The requirement, if any, is sourced on spot basis so as to float with fluctuations in the market and to guard against price volatility. The Company has also linked part of its sales to raw material prices, so that additionally the Company has adequate cushion to protect its margin in the event of any universal vitality in the case of raw materials.

The Company’s main raw material and major additives are imported and therefore Company has a substantial exposure in foreign exchange currencies and thus associated risk thereof. To overcome the risk of foreign exchange volatility in market, Company hedges part of the foreign exchange risk by using appropriate hedging products. The Company is also hedged against the said risk to the extent of export receivables. Sales linked to raw material prices also provide hedge upto the volumes sold under this method.

## 19. OTHER DISCLOSURES:

### a. Basis of Related Party Transactions

The Company places all the details of Related Party Transactions before the Audit Committee periodically, however there was no significant material Related Party Transactions during the F.Y. 2024-25. List of Related Party Transactions as required by Ind AS 24 issued by the Institute of Chartered Accountants of India, forms part of the Notes to the Accounts in the Financial Statement of Annual Report (Please refer to Notes No.46 of Annual Financial Statement). However, these transactions are not likely to have any potential conflict with the interest of the Company due to being on an arm's length basis and in ordinary course of business. The policy on dealing with Related Party Transactions is available on the Company's website at URL: <https://supremepetrochem.com/download/POLICY-ON-MATERIALITY-OF-RELATED-PARTY-TRANSACTION-AND-ON-DEALING-WITH-RELATED-PARTY-TRANSACTION.pdf>

### b. Disclosure of Accounting Treatment

The Company has followed the relevant Indian Accounting Standards notified under Section 133 of the Act (read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015) and there were no changes in the Accounting policy of the Company during the reporting period.

### c. Proceeds from Public Issues, Right Issues or Preferential Issues etc.

During the year under review, the Company has not raised any proceeds from Public Issue, Right Issue or Preferential Issue.

### d. Disclosure related to non-compliances etc. of the Company

The Company has complied with the requirements of the Stock Exchanges, SEBI and other statutory authorities as required under Schedule V of the Listing Regulations, except for one case wherein BSE levied fine of ₹10,000/- plus GST ₹ 1800 (total amount ₹11,800/-) under Regulation 44(3) of the Listing Regulation allegedly for late filing of e-voting results by two days. This finding of BSE seems to be incorrect because the Company filed the e-voting results exactly on the same day when the results were declared, being well in compliance with the requirements of Regulation 44(3) of Listing Regulations. The matter relates to a postal ballot process, the results whereof were filed by Company with BSE in XBRL mode and PDF mode both on the same day viz. 23.08.2024 when the results were declared, but due to typo error, the date of e-voting results while filing in XBRL mode was inadvertently mentioned as 19.07.2024 (viz. Board Meeting date) instead of the actual voting end date 23.08.2024 though this date was absolutely correct in PDF mode filed with BSE on the same day. When the anomaly in the date, as aforesaid, was projected by BSE, Company filed the evoting results again immediately in XBRL mode with correct e-voting results date, however BSE considered it as late filing and imposed the said fine. The Company has resisted against the said levy of fine and has made an application to BSE for waiver of the same which is under process.

### e. Whistle Blower Policy/Vigil Mechanism

A Whistle Blower Policy/ Vigil Mechanism has been adopted by the Board of Directors. During the year under review, there was no complaint with respect to any unethical conduct and/or violation of company policy(ies) etc., by any stakeholder of the Company. No stakeholder has been denied access to the Audit Committee or its Chairperson in case of any exceptional requirements, raised by them.

### f. Disclosures as required under Schedule V(C) (10)(l) of the Listing Regulations in relation to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 is disclosed in the Board's Report.

### g. The total fees paid to the Statutory Auditor of the Company during Financial Year 2024-25 amounts to ₹37.40 lakhs for all the services rendered by them to the Company.

### h. The Company has complied with the mandatory requirements of the Listing Regulations relating to Corporate Governance, as applicable to the Company. The status of compliances thereof including the non-mandatory requirements are as under:

Regarding Discretionary Requirements in terms of Regulation 27(1) of the Listing Regulations and Schedule II (E) thereto, the Company has complied with one of such regulation by having separate post of Chairperson and CEO viz. Manager and by allowing the Statutory Auditor/Internal Auditor/Secretarial Auditor/GST Auditor to report directly to the Audit Committee, whenever required.

## **Director's Statement on Business Responsibility and Sustainability Report (BRSR)**

### **FOREWORD**

As a responsible corporate citizen, Supreme Petrochem Limited (SPL) remains committed to create long-term value for all stakeholders by embedding sustainability and ethical practices into our core operations. The Business Responsibility and Sustainability Report (BRSR) for the financial year 2024-2025 reflects our ongoing efforts to integrate Environmental, Social, and Governance (ESG) considerations into our strategic decision making.

In a rapidly evolving global environment, businesses are increasingly expected to go beyond financial performance and contribute positively to the environment, society, and the economy. At SPL, we recognize this responsibility and have taken concrete steps to align our business goals with the principles of sustainable development.

This report outlines our performance across nine essential principles defined under the National Guidelines on Responsible Business Conduct (NGRBC). While we acknowledge that there is always more to be done, we remain steadfast in our commitment to continuous improvement, transparency, and responsible growth. We view sustainability not as a compliance requirement but as a strategic imperative that defines the future of our business.

SPL, as a responsible organization, has always focused on inclusive growth for all its stakeholders along with enhancing its business operations in a sustainable manner. The Company aims to continue strengthening its ESG efforts consecutively to accelerate the embedding of sustainability in its business ecosystem to place SPL on a positive trajectory with regards to achieving sustainability across all operations. SPL strives to continue its business operations across the value chain in an ethical, responsible, and sustainable manner.

I thank all our stakeholders for the trust and support reposed by them in the Company. Together, we will continue to drive progress, innovate responsibly, and contribute to a more sustainable and equitable future.

Total number of training and awareness programmes held	Topics/principles covered under the training and its impact	Percentage of persons in value chain covered by the awareness programmes
01	Safe Transportation of Hazardous Goods	Necessary training was imparted to more than 95% of the drivers and cleaners of hazardous goods transport

2. Does the entity have processes in place to avoid/manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has a system in place where any potential conflicts of interest involving board members are identified on basis of their annual disclosures to the Company. These members are then recused from any meetings or dealings with related party transactions and the compliance with the respective code of conduct is assessed annually.

**Principle 2: Businesses should provide goods and services in a manner that is sustainable and safe**

### ESSENTIAL INDICATORS

1. **Percentage of R&D and Capital Expenditure (CAPEX) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

Type	FY 2024-25	FY 2023-24	Details of improvement in social and environmental aspects
Research & Development (R&D)	0	0	NA
Capital Expenditure (CAPEX)	1.60%	4.06%	Overall, energy savings of 8,30,278 KWH, improvement in the environmental performance of plants in terms of energy savings, quality of treated effluent, emission control, and workplace environment, etc.

2. **a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes.

- b. If yes, what percentage of inputs were sourced sustainably?**

The Company integrates sustainability principles throughout the lifecycle of its products, starting from the procurement of raw materials to their transportation to the designated plant locations. As a result, in the FY 2024-25, more than 90% of raw material sourcing was conducted in a sustainable manner.

3. **Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

Product	Process to safely reclaim the product
<b>a. Plastics (including packaging)</b>	SPL is classified as a 'Brand Owner' and 'Importer' under the Plastic Waste Management Rules, 2016. The Company is registered on the CPCB EPR Portal and regularly submits annual data on the recycling of plastic packaging waste. SPL actively promotes plastic waste recycling through strategic partnerships with organizations like the Indian Centre for Plastic in the Environment (ICPE) and several NGOs.
<b>b. E-Waste</b>	Upon reaching the end of its lifespan, electronic waste is channelized to registered recyclers approved by the State Pollution Control Board (SPCB) and/or Central Pollution Control Board (CPCB).
<b>c. Hazardous Waste</b>	The hazardous waste that is collected is dispatched for scientific disposal to the Common Hazardous Waste Treatment Storage and Disposal Facility (CHWTSDF), recyclers, reprocessors, who are approved by the State Pollution Control Board (SPCB), as per the conditions stipulated in the Consent to Operate (CTO) granted by the SPCB.
<b>d. Other Waste</b>	Other non-hazardous waste is disposed by selling to scrap vendors.

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes/No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

Yes, EPR is applicable to SPL. The company is registered as a Brand Owner and Importer on the CPCB EPR portal, in compliance with the Plastic Waste Management Rules, 2016 (as amended). SPL submits data annually through the prescribed formats on the EPR portal and meets its recycling obligations based on the targets generated by the portal through Plastic Waste Recyclers registered with CPCB.

To support its EPR commitments, SPL has established a dedicated Sustainability Department responsible for promoting awareness regarding post-consumer recycling of Expandable Polystyrene (EPS) and other plastic waste. The department actively engages with customers, consumers, NGOs, and local communities to facilitate EPS recycling.

SPL has also collaborated with NGOs involved in plastic waste collection, encouraging them to include EPS in their collection efforts from households, businesses, and markets. Additionally, SPL has partnered with the Indian Centre for Plastics in the Environment (ICPE) to enhance plastic waste recycling, including EPS waste.

LEADERSHIP INDICATORS

- 1. Has the entity conducted Life Cycle Perspective/Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

SPL conducted LCA for its Styrenics products in FY 2019-20 through an independent third-party agency and the results for the same are available on the public domain.

Table with 6 columns: NIC Code, Name of Product/Service, Percentage of total Turnover contributed, Boundary for which the Life Cycle Perspective/Assessment was conducted, Whether conducted by independent external agency (Yes/No), Results communicated in public domain (Yes/No) If yes provide web-link.

- 2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products/services, as identified in the Life Cycle Perspective/Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

No significant risks or concerns were identified through the LCA exercise.

**10. Health and safety management system:**

<b>a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No)</b>	Yes, SPL places the highest priority on the safety of its employees. SPL has implemented a comprehensive Occupational Health and Safety (OHS) Management System that is modelled on ISO 45001:2018 and covers both of its manufacturing locations:
<b>What is the coverage of such system?</b>	<ul style="list-style-type: none"> <li>i. Amdoshi, Maharashtra</li> <li>ii. Manali, Chennai, Tamil Nadu.</li> </ul>
<b>b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?</b>	SPL has devised a mechanism and process for identifying work-related hazards, which includes comprehensive safety procedures for recognizing hazards and assessing risks on a routine and non-routine basis. SPL has carried out a hazard identification and risk mapping assessment, including an impact assessment and the necessary control measures for the identified risks. The process of hazard identification is based on a variety of risk assessment techniques such as Hazard Identification and Risk Assessment (HIRA), Process Hazard Analysis (PHA), Hazard and Operability Study (HAZOP), Hazard Identification Studies (HAZID), Quantitative Risk Assessments (QRA), "What If" scenarios, Pre-Start Up Safety Review (PSSR), Chemical Risk Assessment (CRA), and Job Safety Analysis (JSA), among others. SPL periodically conducts external as well as internal audits and inspects its Occupational Health and Safety Management Systems.

<p><b>c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No)</b></p>	<p>Yes, SPL endeavours to create a culture of safety across all its operations. Employees are encouraged to voice concerns related to Health, Safety, and Environment (HSE) such as unsafe acts or conditions at the workplace, breaches of safety rules or procedures, situations of imminent danger, or defective fire and safety equipment, etc. SPL issues a "Close Call" or "Near Miss" report addressing any such concerns immediately upon their reporting to the respective and HSE departments. These cases are promptly reported and investigated according to our HSE Occupational Health and Safety (OHS) Management System framework.</p> <p>SPL also involves its employees in the formulation and review of HSE policies and objectives during meetings for safety committees, training, reviews, and so on. Employees participate actively in the identification of hazards, risk assessment, and the determination of risk controls in their respective work areas. The HSE suggestion scheme is utilized by employees to improve working conditions.</p>
<p><b>d. Do the employees/worker of the entity have access to non-occupational medical and healthcare services? (Yes/No)</b></p>	<p>Yes, all employees and workers of SPL are covered under non-occupational medical and healthcare services by insurance policy or ESIC scheme.</p>

**11. Details of safety related incidents, in the following format:**

No. of fatalities	Employees	0	0
	Workers	0	0
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

**12. Describe the measures taken by the entity to ensure a safe and healthy workplace.**

SPL prioritizes safety values in all facets of its business operations, integrating safety and well-being of employees with the business operations. The Company has established a well-defined Occupational Health and Safety (OHS) management system, complete with a comprehensive monitoring plan, and operates with a long-term strategy to ensure the system's effective implementation. This system follows the Plan-Do-Check-Act cycle of continual improvement.

The OHS framework of SPL includes the following:

- Assigning OHS roles and responsibilities
- Establishing and adhering to safety culture, standards, and values
- Considering the strategic implications on the business
- Evaluating OHS performance management
- Reporting and reviewing of near misses
- Paying equal attention to low-risk areas as well as major hazards and high-risk areas to reduce incidents

SPL manages low probability risks through the following methods:

- Eradicating risks through appropriate engineering controls
- Assessing and consistently improving employee competency and experience through regular training and re-training
- Strictly following established SOPs

- Implementing prevention strategies for low-probability incidents at both management and shop floor levels
- Diligently monitoring and utilizing personal protective equipment
- Planning for contingencies
- Regularly reviewing and updating emergency response plans and conducting mock drills
- Maintaining a robust system for HSE performance monitoring
- Incorporating redundancy in the process design and development
- Ensuring the adoption of best safety practices
- Ensuring compliance with all applicable legal and other requirements
- Identifying opportunities for significant risk reduction in the process
- Verifying that a system exists to manage the residual risk, following the implementation of all agreed risk reduction measures.

**15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks/concerns arising from assessments of health & safety practices and working conditions.**

All safety-related incidents and near misses are thoroughly investigated according to the safety management process established in the Occupational Health and Safety (OHS) management system. This process is overseen by third-party entities or agencies. SPL also has a comprehensive procedure for reporting and investigating work injuries and incidents. The details of these injuries and incidents, along with the recommendations from the investigation reports, are shared with all departments. This process of horizontal deployment in the organization encourages departments to assess the applicability of these recommendations in their respective areas and take the necessary corrective-preventive actions. This procedure helps to avoid repeated incidents and promotes the widespread implementation of corrective measures within their departments. SPL also practices learning from incidents at other companies and organizations operating in the similar business.

**LEADERSHIP INDICATORS**

**1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).**

Yes, SPL extends compensatory packages to employees as well as workers in the event of death.

- Employees (Yes/No):** The Company has a Benevolent Fund in place for its employees. Additionally, in case of death of an employee during his/her service period, SPL pays Gratuity up to the retirement age of the employee.
- Workers (Yes/No):** The workers are covered under the Workmen Compensation Act in the event of their untimely death.

**2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.**

SPL ensures that all statutory dues relevant to its transactions are deducted and deposited in accordance with the applicable regulations. This procedure is regularly reviewed as part of the Company's internal and statutory audits. In the event that their

value chain partners fail to deposit the taxes, SPL pays the necessary taxes and interest on their behalf to the government, and then recovers the amount from the defaulting partner within a specified time frame. At SPL, adherence to regulatory requirements is prioritized, and a dedicated team oversees these activities, including compliance with the Goods and Services Tax (GST).

3. Provide the number of employees/workers having suffered high consequence work related injury/ill-health/fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

Category	Total no. of affected employees/workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment

6. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Not Applicable since SPL did not carry out any assessment for its value chain partners.

**Principle 4: Businesses should respect the interests of and be responsive to all its stakeholders**

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity:

SPL has an internal procedure in place to identify stakeholder groups or institutions that contribute value and/or affect business performance in the medium and long term. Among others, SPL has identified employee, worker, shareholder, investor, customer, and community stakeholder groups that are impacted by, and in turn can impact, its business.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group:

Table with 5 columns: Stakeholder Group, Whether identified as Vulnerable & Marginalized Group (Yes/No), Channels of communication, Frequency of engagement, Purpose and scope of engagement.

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

SPL is committed to fostering sustainable, and meaningful connections with its essential stakeholder groups by consistently engaging with them to provide updates on its business strategies, potential risks, opportunities, and future plans.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

In FY 2021-22, SPL conducted a Stakeholder Engagement and Materiality Assessment process. This assessment involved consulting with the primary stakeholder groups identified by SPL.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.

SPL is committed to ensuring equitable, impartial, and non-discriminatory treatment of all their needs and interests. It is pivotal to adopt an inclusive approach across all the CSR activities and projects like improving public hygiene facilities, educational and health infrastructure improvements, etc.

**8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details**

Yes. Recognizing its environmental impact, SPL endeavours to diminish its ecological footprint by undertaking initiatives to mitigate Greenhouse Gas (GHG) emissions. These initiatives include adopting energy-saving LED lighting, utilizing energy-efficient equipment like induction motors and compressors, and implementing Variable Frequency Drive (VFD) systems. SPL also primarily uses cleaner fuels such as natural gas and low sulphur heavy stock for its thermal energy demands in the manufacturing operations. The Company uses battery operated vehicles such as forklift trucks, at its manufacturing locations. SPL has installed a 1 MWp solar roof top power plant at its manufacturing unit at Amdoshi to bolster the share of renewable energy in fulfilling the electrical energy demands of the operations. SPL has also increased its renewable energy usage even more to reduce GHG emissions by entering into a Power Delivery Agreement with TP Saturn Limited (a Special Purpose Vehicle (SPV) formed by Tata Power Renewable Energy Limited) for supplying 12.5 MW solar power to the Amdoshi Unit of the Company.

**10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your product and processes and the practices adopted to manage such wastes.**

SPL has established a comprehensive waste management program to handle the waste generated from its operations. Waste is identified and segregated at its source according to documented procedures aimed at sustainable waste management during business operations focusing on the sustainable handling and segregation of waste at its source:

**Hazardous and Biomedical Waste:**

Sent for scientific disposal to approved facilities like the Common Hazardous Waste Treatment Storage and Disposal Facility (CHWTSDF) and Common Bio-Medical Waste Treatment Storage and Disposal Facility (CBMWTSDF), both approved by the State Pollution Control Board (SPCB).

SPL is a member of CHWTSDF, which uses methods like landfill and incineration.

**E-Waste:**

Managed in collaboration with e-waste recyclers registered with the SPCB for proper processing.

**Battery Waste:**

Managed in accordance with The Batteries (Management and Handling) Amendment Rules, 2022 and sent to registered recyclers approved by the SPCB.

**Product Waste Minimization:**

SPL adopts strategies to minimize product waste and adheres to the following standards:

ROHS Directive (EU) 2015/863 (Amendment to Directive 2011/65/EL)

EU REACH Regulation (EC) No. 1907/2006, Article 33(1)

FDA Commission Regulation (EU) No. 10/2011, EU 2015/174, EU 202/2014, EU 1183/2012, and EU 1282/2011

**3. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.**

Not Applicable. SPL's operations are not located in or around any ecologically sensitive areas.

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with summary)	Outcome of the initiative
1	Energy Saving 2024-25	Provision of New & More Efficient Air Compressor Unit in the Plant	Energy Savings of 18,144 KWH
2		Provision of new conveying system for product in the plant for reduced energy consumption	Energy Savings of 4,90,503 KWH
3		Provision of Electric Drives replacing Hydraulic Drives in the Plant	Energy Savings of 2,44,800 KWH
4		Replacement of conventional luminaires with energy saving LED	Energy Savings of 26,491 KWH
5		Replacement of existing conventional motors with energy efficient motors.	Energy Savings of 13,937 KWH
6	Workplace Environment Improvement 2024-25	Provision of Vent Condensers in the Plant	Reduction in Hydrocarbon Emissions
7		Revamp of Waste Water Collection Pit and Dyke Wall in the Plant	Improved wastewater collection system
8		Revamp of Ambient Air Quality Monitoring System in the Plant	Improved monitoring of ambient air quality

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/web link.

SPL has implemented a comprehensive business continuity and disaster management plan to effectively handle emergencies, crises, and interruptions in business operations. This includes both an Onsite Emergency Management Plan to enhance preparedness and response within the facility, as well as an Off-site Emergency Plan which was submitted to the District Collectorate for external coordination. The plan considers various natural disasters such as floods and earthquakes, incorporating safety measures, protocols, emergency contacts, identification plans, evaluation processes, and responses to potential emergency scenarios. Additionally, it addresses transport emergency response case of vehicles transporting raw materials and finished goods to and from SPL premises. SPL also has established a Disaster Recovery System setup to ensure data security and management.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

SPL has not monitored data on any significant adverse impact to the environment arising from the value chain partners during the year. However, SPL has identified that during the transportation of petrochemical based raw materials to the factories, any abnormality or emergency conditions can lead to adverse impacts on the surrounding environment. Utmost care is being taken during the transportation of such raw materials, for which we have developed transport emergency management plan. Also, we provide periodic trainings to the persons associated with and responsible for the safe transportation of raw materials to our factories.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impact.

SPL has not monitored data on percentage of value chain partners assessed during FY 2024-25

**INDEPENDENT AUDITOR'S REPORT****To the Members of Supreme Petrochem Limited****Report on the Audit of the Ind-AS Financial Statements****Opinion**

We have audited the accompanying Ind-AS financial statements of **SUPREME PETROCHEM LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended and the Notes to the Ind-AS financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (Ind-AS) and with other accounting principles generally accepted in India, and of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matter**

Key audit matter are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr.	Key Audit Matter	Auditor's Response
	<p><b>Valuation of Inventory:</b></p> <p>Value of Inventory amounting to Rs. 70,080.34 lakhs form a significant part i.e. 20.32% of the Company's total assets. Inventory comprises of Raw Materials and Packing Materials, Work-in-Progress, Finished Goods, Finished Goods in Transit, Stores and Spares and Fuel. Inventories are valued at lower of cost and net realizable value. Styrene Monomer is the main raw material for the Company. Styrene Monomer, which is imported, is subject to high price fluctuation risk as well as foreign currency risk. The volatility in the prices of Styrene Monomer may significantly impact the valuation of not only Raw material but also other items of inventory. In determining the net realizable value, the Management uses data of sales of finished good available post the year end and the basis of provisions for obsolescence which is based on Management estimate.</p> <p>We have considered this as a key audit matter due to the significance in the amount of inventory and volatility in the prices of Styrene Monomer.</p>	<p><b>Audit Procedures included:</b></p> <p>We have reviewed the stock records and held discussion with the Management. We have verified arithmetical accuracy of valuation records/reports. Inventory at all the locations, were physically verified by the Management as at March 31, 2025. We have also attended and verified the inventory lying at the plants of the Company on a test check basis. For inventory lying at third parties locations and ports, we have substantially verified the third party confirmations obtained by Management.</p> <p>We have verified that the weighted average cost valuation tabulated by the accounting system. We have reviewed the price movement of Styrene Monomer prices with respect to cost to the Company and the contracts entered into by the Company and also have compared such prices with the recent selling prices. We have reviewed the appropriateness of the accounting policy for valuation of inventory and whether the valuation done by the Company is in accordance with the accounting policy.</p>

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report, Management Discussion and Analysis and Corporate Governance Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

**Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with respect to financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books, except for the matter stated in paragraph h(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
  - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
  - e) On the basis of the written representations received from the Directors of the Company as on March 31, 2025, and taken on record by the Board of Directors, none of the Directors of the Company are disqualified as on March 31, 2025, from being appointed as a Director in terms of Section 164(2) of the Act.
  - f) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting

under Section 143(3)(b) and paragraph h(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, ("the Rules"), in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 42 to the financial statements.
  - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv) The Management has represented that:
    - a) to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entity(ies) ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - b) to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Based on such audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) of the Rules as provided under (a) and (b) above contain any material misstatement.

- v) As per information and explanation furnished by Management and based on the records of the Company, the dividend proposed in the previous year, as well as the interim dividend declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

The Board of Directors of the Company have proposed a final dividend for the year ended March 31, 2025, which is subject to the approval of the members at the ensuing Annual General Meeting. The proposed dividend is in accordance with Section 123 of the Act.

- vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that no audit trail

was enabled at the database level for accounting software to log any direct data changes. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating.

Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

3. According to information and explanations given to us and based on our examination of the records of the Company, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act.

## **ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT**

**The Annexure referred to in paragraph 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditors' Report to the members of the Company on the financial statements for the year ended March 31, 2025:**

**Statement on Matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2020:**

- i) Property, Plant and Equipment
  - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Right-of-use assets.
  - (B) The Company has maintained proper records showing full particulars of intangible assets.
  - b) As explained to us, the Company has a program for physical verification of Property, Plant and Equipment including Right-of-use assets at periodic intervals by which all Property, Plant and Equipment including Right-of-use assets are verified in a phased manner over a period of three years. In our opinion, the period of verification is reasonable having regard to the size of the Company and the nature of its Property, Plant and Equipment including Right-of-use assets. The discrepancies reported on such verification are not material and have been properly dealt with in the books of account.
  - c) According to the information and explanations given to us and on the basis of the records of the Company examined by us, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreement are duly executed in favour of the lessee), are held in the name of the Company
  - d) The Company has not revalued any of its Property, Plant and Equipment including Right-of-use assets and Intangible assets during the year.
  - e) According to the information and explanations given to us, representation obtained from Management and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder.
- ii) Inventory
  - a) The inventory has been physically verified by the Management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on verification between the physical stocks and the book records were less than 10% in the aggregate for each class of inventories and have been properly dealt with in the books of account.
  - b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at various points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising (stock statements, book debt statements and other stipulated financial information) filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters. The Company has not availed working capital limits in excess of Rs. 5 crores, in aggregate from any financial institution at any point during the year.
  - iii) The Company has not provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made an investment in equity instrument and given loans to employees.
    - (a) The Company has not provided loans or provided advances in the nature of loans, or stood guarantee, or provided security to any other entity, hence reporting under paragraph (iii) (a) is not applicable.
    - (b) During the year, the Company has not provided guarantees, given security and advances in the nature of loans and guarantees provided to companies, firms, limited liability partnerships. However, the Company has made an investment in equity instrument and granted loans to its employees. The terms and conditions of the grant of loans to its employees are not prejudicial to the interests of the Company.
    - (c) In respect of loans to employees and key managerial personnel, the repayment schedule of principal has been stipulated and the receipt / repayments are regular.
    - (d) In respect of loans granted to employees and key managerial personnel, there are no amounts overdue for more than ninety days.
    - (e) In respect of loans granted to employees and key managerial personnel, there were no amounts which have fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same employees.
    - (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in

the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under paragraph (iii)(f) is not applicable.

- iv) According to the information and explanations given to us, the Company has not granted any loans or given guarantee or provided any security to parties covered under Section 185 of the Act. In our opinion and according to the information and explanations given to us and records examined by us, the provisions of Section 186 of the Act, in respect of investments made have been complied with by the Company.
- v) According to the information and explanations given to us and representation obtained from Management, the Company has not accepted deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 of the Act and the rules framed thereunder apply. Accordingly, paragraph (v) of the Order is not applicable to the Company.
- vi) According to the information and explanations given to us and records of the Company examined by us, the maintenance of cost records has been prescribed by the Central Government under Section 148(1) of the Act in respect of specified products of the Company. For such

products we have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 as amended and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii) According to the information and explanations given to us and records of the Company examined by us, in our opinion:
  - a) the Company is generally regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess, Professional Tax and other material applicable statutory dues, with the appropriate authorities during the year. We have been informed that there are no undisputed dues which have remained outstanding as at the last day of the financial year, for a period of more than six months from the date they became payable.
  - b) details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025, on account of disputes are given below:

(₹ in Lakhs)

\*\* includes penalty and interest on taxes where applicable and is net of amounts paid under protest

- viii) According to the information and explanations given to us and on the basis of the records examined by us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix) Borrowings
  - a) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the Company did not have any loans or borrowings from

any lender during the year. Accordingly, paragraph 3(ix)(a) of the Order is not applicable to the Company.

- b) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or other lenders.
- c) In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, the Company has not taken any term loans from any

- lender. Accordingly, paragraph 3(ix)(c) of the Order is not applicable to the Company.
- d) According to the information and explanations given to us by Management and based on our examination of the records of the Company, the Company has not raised any funds on short-term basis. Accordingly, paragraph 3(ix)(d) of the Order is not applicable to the Company.
- e) According to the information and explanations given to us, representation obtained from Management, and on an overall examination of the financial statements of the Company, the Company does not have any subsidiaries, associates or joint ventures and accordingly reporting on paragraphs 3(ix)(e) and (f) of the Order are not applicable.
- x) Allotment of Shares
- a) According to the information and explanations given to us, representation obtained from Management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions of paragraph 3(x)(a) of the Order is not applicable to the Company.
- b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the provisions of paragraph 3(x)(b) of the Order is not applicable to the Company.
- xi) Fraud
- a) According to the information and explanations given to us, on the basis of the records examined by us and representation from Management, no fraud by the Company or any material fraud on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of Section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the year.
- xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the provisions of paragraph 3(xii) of the Order is not applicable to the Company.
- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, the transactions with related parties are in compliance with sections 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv) Internal Audit System
- a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv) According to the information and explanations given to us and based on our examination of the records of the Company, during the year the Company has not entered into any non-cash transactions with Directors or persons connected with its directors and hence provisions of Section 192 of the Act are not applicable to the Company.
- xvi) In respect of registration u/s 45-IA
- (a) In our opinion, according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and has also not conducted any Non-Banking Financial or Housing Finance activities. Hence, reporting under clause 3(xvi)(a) and (b) of the Order are not applicable.
- (b) The Company and any other company in the Group is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, reporting under clause 3(xvi)(c) and (d) of the Order are not applicable.
- xvii) According to the information and explanations given to us and based on our examination of the financial statements of the Company, the Company has not incurred cash losses during the current financial year and the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditor of the Company during the year.
- xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company.

We further state that our reporting is based on the facts up to the date of the audit report and representation received from Management. Our report does not give any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx) a) There are no unspent amounts towards Corporate Social Responsibility (“CSR”) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013, in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- b) The unspent CSR amount relating to ongoing project as at March 31, 2025, is yet to be transferred to a

special account, as the period of 30 days is not yet completed.

## **ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in Para 2 (g) Report on Other Legal and Regulatory Requirements in our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2025)**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls with reference to financial statements of SUPREME PETROCHEM LIMITED ("the Company") as of March 31, 2025, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the "Act" or the "Companies Act").

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

### **Meaning of Internal Financial Controls with reference to Financial Statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control

with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our knowledge and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by

the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025****NOTE: 1****Corporate Information**

Supreme Petrochem Ltd (“the Company”) a Public Limited Company incorporated under the Companies Act, 1956, is listed on the Bombay Stock Exchange and National Stock Exchange. The Company is mainly engaged in the business of Styrenics and manufactures Polystyrene (PS), Expandable Polystyrene (EPS), Masterbatches and Compounds of Styrenics and other Polymers, Extruded Polystyrene Insulation Board (XPS) with manufacturing facilities at Amdoshi Dist Raigad, Maharashtra and Manali New Town, Chennai, Tamil Nadu.

**Authorisation of financial statements**

The financial statements were authorized for issue in accordance with a resolution of the Board of Directors passed on April 23, 2025.

**1. MATERIAL ACCOUNTING POLICIES****1.1. Statement of Compliance**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 (“the Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other relevant provisions of the Act.

**1.2. Basis of Preparation**

The financial statements of the Company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values. Refer accounting policy 1.8 on Financial Instruments.

The Company’s functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs (Lakhs), except otherwise indicated.

**Classification of Assets and Liabilities into current and Non-Current**

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

### 1.3. Use of judgements, estimates and assumptions

The preparation of the Company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within;

- a) Useful life of property, plant and equipment and intangible assets: The Company has estimated useful life of the Property Plant and Equipment as specified in Schedule II to the Companies Act, 2013. However the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately the equipment may continue to provide useful service well beyond the useful life assumed.
- b) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.
- c) Impairment of financial and non-financial assets: The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.
- d) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extant laws and the Company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and courts, amendments to statutes by the government etc.

The Management has made judgements in respect of evaluation of recoverability of deferred tax assets, which has the most significant effect on the amounts recognized in the financial statements.

- e) Defined benefit plans: The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.
- f) Provisions: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

Provisions for compensated absences and gratuity, are made based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

- g) Contingencies: A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.

### 1.4. Property, Plant and Equipment

Freehold land is carried at historical cost. All other Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises its purchase price, borrowing cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimation of any decommissioning obligations and finance cost.

When significant parts of the Property, Plant and Equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Cost of Software directly identified with hardware is recognized along with the cost of hardware.

Stores and spares which meet the definition of Property, Plant and Equipment and satisfy recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.

An item of Property Plant and Equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognized.

Capital work-in-progress includes cost of Property, Plant and Equipment which are not ready for their intended use.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Depreciation on the Property, Plant and Equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 using straight line method. Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided on pro rata basis with reference to the month of addition / deletion.

In line with the provisions of Schedule II of the Companies Act 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components has been assessed based on the historical experience and internal technical inputs.

On transition to INDAS, the company had elected to continue with the carrying value of all of its property, plant and equipment and intangible assets as at June 30, 2015

### **1.5. Impairment of non – financial assets**

At each Balance Sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

An assets recoverable amount is the higher of an assets or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

### **1.6. Inventories**

Inventories are valued as under

Raw materials, packing material, stores and spares are valued at lower of cost (on a weighted average basis) and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above manufacturing cost.

Stock in process is valued at lower of cost (on a weighted average basis) and net realizable value.

Finished goods (including in transit) are valued at cost (on a weighted average basis) or net realizable value whichever is lower. Cost for this purpose includes direct materials, direct labour utilities, other variable direct costs and manufacturing overheads, based on the normal operating capacity and depreciation.

## 1.7. Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash, short-term deposits as defined above, net of outstanding bank overdrafts (if any) and short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Company's cash management.

### Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

### Bank Balances other than above

Dividend escrow account balances, deposits with banks as margin money for guarantees issued by the banks, deposits kept as security deposits for statutory authorities are accounted as bank balances other than Cash and Cash equivalents.

## 1.8. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### A. Financial Assets:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, except for trade receivables that do not contain a significant financing component are measured at transaction price.

The subsequent measurement of a financial asset depends on the classification of the asset on the basis of business model for managing such assets and the contractual cash flow characteristics of such asset. These classifications are:

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except during the period the Company changes its business model for managing financial assets.

In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

### Financial assets measured at amortised cost:

Financial assets are subsequently measured at amortised cost using effective interest rate method (EIR), if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The losses arising from the impairment are recognized in the Statement of Profit and Loss.

### Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms give rise to cash flows that are solely payments of principal and interest on the principal outstanding.

### Financial Assets measured at fair value through profit and loss

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income if any, recognised in 'other income' in the statement of profit and loss.

**Derecognition of financial assets**

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

**AA. Impairment of Financial Assets**

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

**AB: Financial Liabilities****(i) Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

**(ii) Initial recognition and measurement.**

All financial liabilities are recognized initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

**(iii) Subsequent measurement:**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities are re-measured at fair value through statement of profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

**(iv) Loans and borrowings**

Interest bearing loans and borrowings are subsequently measured at amortised cost using effective interest rate (EIR) method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through EIR amortization process. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

**(v) Derecognition of financial liabilities**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

**(vi) Derivative Financial Instruments**

The Company uses derivative financial instruments such as forward currency contracts and options to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The gain or loss in the fair values is taken to Statement of Profit and Loss at the end of every period. Profit or loss on cancellations / renewals of forward contracts and options are recognized as income or expense during the period.

**AC: Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

**1.9. Fair value measurement**

The Company measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### 1.10. Provisions, Contingent liabilities, Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the changes in the provision due to the passage of time are recognized as a finance cost.

Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- a present obligation arising from the past events, when no reliable estimate is possible.
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefit is probable.

#### 1.11. Employee Benefits

##### A. Short Term Benefits

Short Term Benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the period in which the related service is rendered.

##### B. Post-Employment benefits - Defined Benefit Plans: Provident fund and Gratuity

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident fund in which both the employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary. The contributions are made to the provident fund managed by the trust set up by the Company which is charged to the Statement of Profit and Loss as incurred. Since the Company is obligated to meet interest shortfall, if any, with respect to covered employees, such employee benefit plan is classified as defined benefit plan.

The Company has an obligation towards gratuity - a defined benefit plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months, without any ceiling. Vesting occurs upon completion of five years of service and is payable thereafter on occurrence of any of above events. The Company has obtained an insurance policy with the Life Insurance Corporation of India (LIC) and makes an annual contribution to LIC for amounts notified by LIC.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date, which is recognized in each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in the net interest on the net defined liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent periods. Past service cost is recognized in the Statement of Profit and Loss in the period of plan amendment.

Net interest is calculated by applying the discount rate to the net defined benefit plan liability or asset.

The Company recognizes the following changes in the net defined benefit obligations under employee benefit expenses in the Statement of Profit and Loss:

- Service costs comprising of current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net current expenses or income

#### **C. Defined Contribution Plans - Superannuation**

The eligible employees of the Company are entitled to receive post-employment benefits of superannuation under Company's Senior Officers Superannuation Scheme to which the Company makes annual contribution at a specified percentage of the employees' salary subject to the contribution not exceeding Rs.1,00,000/- p.a. The contribution is made to the LIC. Superannuation is classified as defined contribution plan as the Company has no further obligations beyond making the contribution. The Company's contribution is charged to the Statement of Profit and Loss as incurred.

Payment to defined contribution plans are recognized as an expense when employees have rendered the services entitling them to the contribution.

#### **D. Other Long-Term Employee Benefits – Compensated Absences**

The Company provides for compensated absences subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The Company makes provisions for compensated absences based on an independent actuarial valuation carried out at each reporting date, using Projected Unit Cost Method. Actuarial gains and losses are recognized in the Statement of Profit and Loss.

### **1.12. Revenue Recognition**

Revenue is recognized upon transfer of control of promised goods to Customers (i.e. when performance obligation is satisfied)

Revenue from sale of goods is recognised when control of the products being sold is transferred to the customer and when there are no longer any unfulfilled obligations. The Performance Obligations in the contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms with customers for an amount that reflects the consideration which the Company expects to receive in exchange for those products.

Revenue is measured on the basis of the contracted price, after deduction of any trade discounts, such as price concessions, volume discounts, or any other price concessions as may be agreed with the customers at the time of sale. Revenues also excludes Goods and Services Tax (GST) or any other taxes collected from the Customers and net of returns and discounts.

#### **Other Income**

Other income is comprised primarily of interest income, dividend income, Lease rent income, gain/loss on investment and exchange gain/loss on forward and option contracts. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established. Lease rental income is recognized on accrual basis, Gain/loss in investment recognized either of sale of investment or on fair value at the end of reporting period.

#### **Export benefit**

Benefits on account of entitlement to import duty-free raw materials under the Advance Authorization Scheme is measured at fair value and accounted for in the year of export and included under the head "Other Operating Income."

#### **Insurance Income**

Income in respect of insurance claims recognized on acceptance by the insurance company.

### 1.13. Taxes on income

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognized in Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively.

#### Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

#### Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

#### Deferred tax liabilities are recognized for all taxable temporary differences.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### 1.14. Earnings per share

Basic earnings per share are calculated by dividing the profit after tax or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of the same is given to arrive at diluted earnings per share.

### 1.15. Segment Reporting

The operating segments have been identified on the basis of nature of products and same are accordingly evaluated by the Manager and Board of Directors (CODM). Company's primary operating segment is Styrenics business. The Company also operates in masterbatches, compounds and coloured products of styrenics and other Polymers, and miscellaneous others. Compounds/ masterbatches/ coloured products of Styrenics, share manufacturing assets and facilities with styrenics, have similar pattern, customer profile and distribution channels therefore do not have separately identifiable discreet financial information. The entire business of Masterbatches, Compounds and coloured products have therefore been aggregated with Styrenics business. Masterbatches Compounds and coloured products and miscellaneous others individually account for less than threshold of total sale revenue specified in Ind AS 108, Para 13. The Company accordingly reports its financials under one segment 'Styrenics and allied products'.

### 1.16. Leases :

Determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset(s) or the arrangement conveys right to use the asset, even if that right is not explicitly specified in an arrangement.

Leases where the lessor effectively retains substantially all the rights and benefits of ownership of the leased assets are classified as operating leases. At the date of commencement of lease the Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lease except for leases with a term of twelve months or less and low value leases. For these short term and low value leases the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right to use assets are initially recognized at cost which comprises initial amount of the lease liability adjusted for any lease payment made at or prior to the date of the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-to-use assets are depreciated from the commencement date on straight line basis over lesser of the lease period or the useful life of the asset.

Lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable using the incremental borrowing rate for the Company.

The right-to-use assets and the lease liabilities are tested for impairment and re-measured annually to arrive at the current carrying value and if found required, adjustments are made to the right-to-use assets and/or lease liability.

### **1.17. Foreign exchange transactions**

Foreign currency transactions are accounted for at the exchange rate prevailing on the date of the transaction. All monetary foreign currency assets and liabilities are converted at the exchange rates prevailing at the reporting date. All exchange differences arising on translation of monetary items are dealt with in the Statement of Profit and Loss.

Non-monetary items are measured in terms of historical cost in foreign currency and translated using the exchange rate at the end of the dates of initial transaction.

### **OTHER ACCOUNTING POLICIES:**

### **1.18. Intangible Assets**

Intangible Assets are recognized only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization/ depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Computer Software is amortised over a period of six years or right to use of period.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortised expense on intangible assets with finite lives and impairment loss is recognized in the Statement of Profit and Loss.

The useful lives of intangible assets are assessed as either finite or indefinite.

Gains or losses arising from derecognition of an intangible asset are recognized in the Statement of Profit and Loss when the asset is derecognized.

Intangible assets with indefinite useful lives, are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The impairment loss on intangible assets with indefinite life is recognised in the Statement of Profit and Loss.

### **1.19. Non-current assets Held for Sale**

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets

Property, Plant and Equipment and Intangible Assets are not depreciated or amortized once classified as held for sale.

### **1.20. Borrowing cost**

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Notes:

- 1) Refer Note 41 for information about credit risk and foreign currency risk of trade receivables.
- 2) The entity has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The expected credit loss allowance is based on the ageing of the days the receivables are due and recognises impairment loss allowance based on lifetime ECL's (Expected Credit Loss) at each reporting date, right from its initial recognition.  
The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.
- 3) There are no debts due by Directors or other Officers of the Company or any of them either severally or jointly with any other person or debts due by firms or private companies respectively in which any Director is a Partner or a Director or a Member.

**19.6.** The Company has only one class of shares referred to as equity shares having a par value ₹ 2/- per share. Each holder of equity shares is entitled to one vote per share. The holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts in the event of liquidation of the Company. The distribution will be in proportion to the number of equity shares held by the shareholders.

The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting except in case of interim dividend. The remittance of dividends outside India is governed by Indian law on foreign exchange and is subject to applicable distribution taxes.

**19.7.** In the event of the Company being liquidated, since the equity shares of the Company are fully paid - up, there would be no additional liability on the shareholders of the Company. However, post settlement of the liabilities of the Company, the surplus, if any, would be distributed amongst the shareholders in proportion to the number of shares held by each one of them.

## Sensitivity Analysis

### 1. Change in Foreign Exchange

(₹ in Lakhs)

Effect in INR	Increase	Decrease	Increase	Decrease
	March 31, 2025		March 31, 2024	
1% Increase / decrease in USD	(19.58)	19.58	(405.19)	405.19
1% Increase / decrease in EURO	0.13	(0.13)	38.09	(38.09)
1% Increase / decrease in CHF	(0.31)	0.31	0.02	(0.02)
1% Increase / decrease in SGD	–	–	–	–
1% Increase / decrease in GBP	–	–	1.22	(1.22)
1% Increase / decrease in JPY	–	–	0.14	(0.14)

The above table show sensitivity of open forex exposure to USD/INR movement. We have considered 1% (+/-) change in the currency movement, increase indicates appreciation whereas decrease indicates depreciation in the currency rates. The movement does not reflect management forecast on currency movement.

### 2. Change in Interest Rate

The Company being a debt free Company is not exposed to Interest rate risks.

## NOTE : 41

### Financial Risk Management

The Company's activities expose it to variety of financial risks viz. commodity price risk, credit risk, liquidity risk, capital risk and foreign currency risk. These risks are managed by the senior management of the Company supervised by the Board of Directors to minimise potential adverse effects on the financial performance of the Company.

### Commodity Risk:

International pricing and demand / supply risk are inherent in the import of styrene monomer, the main raw material. The Company enters into procurement contracts for import of styrene monomer on annual basis. The contracts specify the quantity and attributes for arriving at monthly pricing. However, a part of the requirement is sourced on spot basis so as to float with current price in the market and to guard against price volatility. The Company has also linked part of its sales to raw material prices so that the Company has adequate cushion to protect its margin in the event of any increase / decrease in raw material costs.

**Credit Risk:**

Credit risk from cash and cash equivalents, derivative financial instruments and bank deposits is considered insignificant in view of the creditworthiness of the banks the Company works with. The Company has specific policies for managing customer credit risk on an ongoing basis; these policies factor in the customer's financial position, past experience and other customer specific factors.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the company. In any case all doubtful debts over 18 months are provided for 100% under ECL working or written off. When loans or receivables have either been provided for or written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. When recoveries are made, these are recognised in Statement of Profit and Loss.

**Liquidity Risk:**

The Company needs to ensure that at all times, it meets its payment obligations on time. The table below summarises the Company's liquidity position and its preparedness for likely variations in the liquidity:

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
	Cash, Cash Equivalents & Bank Balances (Note: 14)	30,540.84
Investments In Mutual Funds and Bonds (Note:12)	43,000.01	57,179.58
Fixed Deposits With Banks (Note 9,15)	13,680.00	28,505.00
Undrawn Fund Based Credit Facilities From Banks	10,050.00	12,700.00
Liquidity Buffer	97,270.85	1,19,976.03

The Company is debt free (except amortised value of right to use assets taken on lease) and has, adequate liquidity as detailed above, to meet any exigencies. In addition to the undrawn fund-based credit limits, the Company also has recourse to discount trade receivables backed by letters of credit. These measures are considered by the management adequate to ensure that the Company is not exposed to any liquidity risk.

The table below analyse financial liabilities of the Company into relevant maturity groupings based on the reporting period from the reporting date to the contractual maturity date:

**Foreign Currency Risk:**

The Company has no foreign currency debt and hence faces no foreign currency risk on account of debt outstanding. However, the Company depends entirely on imports for its requirement of styrene monomer and other raw materials. It also exports a part of its products in insignificant quantities. All the transactions are exposed to fluctuation in the external value of rupee largely against US dollar. Exposure to other currencies is minimal.

To overcome these risks of cost and pricing due to foreign exchange volatility, the Company hedges part of open foreign exchange exposure relating to imports so as to lessen the impact of foreign exchange rate fluctuations if any in respect of import of raw materials. The Company also has a natural hedge to the extent of its exports and pricing its products locally on import parity basis. These measures are considered adequate by the management of the Company to safeguard from foreign exchange fluctuation risk. However foreign currency exchange rate being dynamic is monitored constantly to decide on proper response measure.
